## Those Enrolled in Nursing Care Insurance

問 Nursing Care Insurance Division

☎ 0564-23-6647 📠 0564-23-6520

### ◆ Category I Insured Person (Persons age 65 or older) .....

#### [Eligibility]

Patients who are bedridden, suffering from dementia, or who need nursing care in daily life can receive insurance benefits.

#### [Premium]

The amount of the premium is calculated based on income. Premiums can be paid through automatic withdrawal from one's pension or with the use of a payment notice.

### ◆ Category II Insured Person (Persons age 40 to 64 with medical insurance) .....

#### [Eligibility]

Patients satisfying the following requirements can receive insurance benefits: needing nursing care due to one of the 16 specified illnesses, including pre-senile dementia and cerebrovascular disease.

#### [Premium]

Varies depending on the insurance one is enrolled in. For more information inquire with your insurance provider.

## Procedures for Receiving Insurance Benefits (Nursing Care Services)

問 Nursing Care Insurance Division

☎ 0564-23-6683 📠 0564-23-6520

### [Step 1] Consultation・Application

Those who are not certified as requiring nursing care insurance or requiring support, including those who are certified but not making use of the services, should call and consult with their nearest “Community General Support Center (地域包括支援センター)”. Those who are already using the services, wishing to change or apply for additional services should consult with their care manager. You can receive an explanation in all cases (new application, changes, renewal).

### [Step 2] On-site survey

After an application is received, a municipal investigator visits the applicant's residence, etc. to check the person's physical and mental condition as well as level of independence in everyday life. An opinion from the family (personal) doctor will also be sought in writing.

### [Step 3] Decision

An Okazaki City Council for Certification of Nursing Care Need is held. Based on the examination results and the doctor's opinion, experts will decide the level of nursing care needed and will notify the individual of the decision.
